# Overview of the GSA Schedule

**C**onsistent with the provisions of the GSA Schedule, SSSI offers a broad range of Information Technology Services to authorized buyers in the 48 contiguous states and the District of Columbia. Professional services include systems design and integration, network services and programming, as well as IT security services. SSSI also offers a broad range of Training Courses and Services for Information Technology Equipment and Software.

The GSA Schedule enables you to streamline your ordering procedures, offers you competitive pricing and meets your IT requirements.

For additional information regarding the SSSI GSA Schedule, please contact:

## ***How to Order From the GSA Schedule***

**O**rdering from the SSSI GSA Schedule is a simple and fast process. Just follow these steps:

1. Identify and quantify your current and future requirements
2. Call SSSI to review your requirements and establish a mutually agreed upon Statement of Work (work to be performed, period of performance, a deliverable schedule, special requirements) and estimated cost.
3. Conduct Best Value evaluation (scope of services, hourly rates as well as other factors).
4. Establish total funding requirements with your Agency's resource office.
5. Ask your supporting Contracts Office to issue a Purchase order to SSSI along with the support
